

**Procedures and policies for maintaining and utilizing physical, academic and support facilities – laboratory, library, sports complex, computers, classrooms etc.**

The infrastructure policy of the College is designed, developed and revised keeping in view the statutory requirements, technological developments, infrastructure need analysis and the guidance of the Governing Body. The college campus is maintained by the employed workers with utmost care. The staff are allotted block wise, for the daily cleaning and maintenance of the classrooms. The technical workers, employed by the college look after the maintenance of laboratory equipment, development and maintenance of the college website and installation and maintenance of software, the installation and maintenance of CCTV cameras, LED displays and touch screen devices. The security guards have been appointed for the campus security. Non-regular works such as painting, carpentry, etc. are outsourced by the Management. The following steps are taken to make the campus user-conducive:

- Classroom furniture are checked and repaired regularly.
- Gardening and watering plants are systematically.
- For all electrical and electronic repairs, the in-house staff will look after.
- The entire campus is cleaned daily.

The college maintains healthy ambience through eco-awareness displays like Plastic Free Campus and Litter-Free Area. The grounds and various courts are always maintained to be ready for the smooth conduct of the events.
