POLICY DOCUMENT ON ENVIRONMENT AND ENERGY USAGE

The Environment and Energy Usage Policy of Arulmigu Palaniandavar Arts College for Women, Palani is to manage energy in such a way as to minimize its impact on the environment. The policy implies to explore the renewable energy resources to reduce the burden of the government and to find alternate resources as solutions to energy crisis.

This Environment and Energy Policy is binding for all the components of the institution and applies to all its stakeholders and to the various activities undertaken by the institution. It will help us to embed efficiency and environmental awareness into our everyday activities, thus helping us to realize our responsibilities and commitment to conservation of natural resources and to limit its usage. The college regularly conducts green literacy programs to save energy and to protect the environment.

POLICIES:

- To assess our energy usage and measure its impact on the environment.
- To reduce local air pollution emissions using environment-friendly vehicles, including bicycles, public transportation and use of pedestrian- friendly roads.
- To install LED bulbs in the whole campus to save energy.
- To develop systematic waste management mechanism.
- To increase rain water harvesting unit.
- To undertake Tree Plantation Drive.
- To take additional measures to continuously improve energy consumption.
- To engage in dialogue with the government agencies, municipal corporation and the affiliating university and actively work with the local organizations in the areas of environment, energy efficiency and sustainable development.
- To provide information and training opportunities on energy saving measures.
- To offer opportunities for employees and students to engage in initiatives which contribute to environmental protection.
