MATHEMATICS ASSOCIATION

PURPOSE OF THE MATHEMATICS ASSOCIATION

The Purpose of the Mathematics Association is to develop students level of Math skills and knowledge. This will be accomplished by using games, activities, and mock competitions. Students will cooperatively work to complete Logic and Math Puzzles.

OBJECTIVES OF MATHEMATICS ASSOCIATION

- Mathematics Association helps in the proper utilization of leisure time.
- It helps in arousing and maintaining students' interest in mathematics.
- It helps the student to imbibe social qualities like co-operation, tolerance, adjustment and open-mindedness, as they work in groups.
- Mathematics Association extend learning beyond the limits of the classroom.
- It provides the students with opportunities to develop their explorative, creative and inventive faculties.
- It provides opportunities for students to translate the theory into practice and to apply their learning in daily life situations.
- Mathematics Association activities provide first hand experiences to the learners as they participate in model making, arranging for exhibition, field work, laboratory work and so on
